Little Bighorn Battlefield National Monument

News Release

Release Date: June 17, 2014

LITTLE BIGHORN BATTLEFIELD ANNOUNCES ROAD PAVING PROJECT

The park tour road and parking lots will have a complete overlay and chip seal this year. The work will be performed from June 30 to mid-September, although there may be periods of time between phases when no work will be done. Please be aware that when visiting the battlefield during these dates, delays may be possible.

The resurfacing of all roads and pavement in the park is being performed by the Federal Highway Pavement Preservation Project. Additionally, damaged areas will be repaired before being resurfaced. The Federal Highways Department will complete the resurfacing project with newly painted traffic striping on the park road network.

Visitors need to be aware that temporary and short term road closures as well as single lane traffic may be encountered during road paving.

Little Bighorn Battlefield National Monument administers the site of one of the most famous battles in American history, the Battle of the Little Bighorn. For more information about this road paving project, or for general information, please call (406) 638-2621 or visit our web site at www.nps.gov/libi or on Facebook at www.facebook.com/npslibi.
